

Foreign Births Registration Notes Specific to Great Britain

Dear Sir/Madam,

I refer to your enquiry about acquiring Irish citizenship by Foreign Births Registration (FBR) under the terms of the Irish Nationality and Citizenship Acts, 1956 and 1986. The following information contained on these Notes are intended for guidance only to apply for Irish Citizenship through Foreign Births Registration and does not constitute a formal interpretation of Irish Law.

Anyone born outside the island of Ireland, whose parent is an Irish Citizen, though not born on the island of Ireland, may become an Irish citizen by applying for Foreign Births Registration (FBR). Citizenship is derived from the Irish born grandparent.

In all cases a fully completed application form is required, **FB1A** if 18 years of age and over or **FB1B** if under 18. **Sections A & B** must be completed for all applications and **Section C** where relevant. **Section D** must be signed in the presence of the witness who will countersign **Section E**. Irish passport applications can only be submitted, directly to the Passport Office, **after** Irish citizenship has been granted. Please call the Passport Office directly on (020) 7225 7700 for further inquiries.

Please note that documentation is submitted at the owners risk and any expense incurred in the submission of an application is borne by the applicant. It is **not** the policy of this office to offer recompense for any circumstance outside our control.

The applicant must prove to our satisfaction their claim to Irish citizenship and the Embassy reserves the right to seek whatever further clarification it considers necessary. Please read carefully the notes regarding the witnessing of the application form.

We look forward to your application,

Consular Section
